

cs601 Final Project | M&M Space User's Manual

Lin-Kei Tseng

step1.

open XAMPP, start "Apache" and "MySQL"

open browser typing "localhost", go into "phpMyAdmin"

<http://localhost/dashboard/>

A screenshot of a web browser displaying the XAMPP dashboard. The URL bar shows "localhost/dashboard/". The page header includes the XAMPP logo and navigation links for Applications, FAQs, HOW-TO Guides, PHPInfo, and phpMyAdmin. The main content area features a large "XAMPP Apache + MySQL + PHP + Perl" banner. Below it is a "Welcome to XAMPP for Windows 5.6.12" message. A note states: "You have successfully installed XAMPP on this system! Now you can start using Apache, MySQL, PHP and other components. You can find more info in the FAQs section or check the HOW-TO Guides for getting started with PHP applications." A link to "Start the XAMPP Control Panel to check the server status." is provided. A "Community" section encourages users to join forums, mailing lists, and social media. A "Contribute to XAMPP translation at translate.apachefriends.org." link is also present. At the bottom, a note asks for help translating XAMPP into other languages. The taskbar at the bottom of the screen shows various open application icons.

The screenshot shows the phpMyAdmin interface on a Windows desktop. The title bar indicates the URL is `localhost/phpmyadmin/#PMAURL-0:index.php?db=&table=&server=1&target=&token=2b9499731b603297b5503ed44b25e5f1`. The left sidebar lists databases: New, blog_samples, cdc01, cs601finaldb (selected), New, addmusic, comment, comment1, comment2, comment3, comment4, comment5, movie, music, orders, products, users, cs601hw3partb, hw03_b, information_schema, mets, mysql, performance_schema, phpmyadmin, test. The main panel displays 'General Settings' with 'Server connection collation' set to 'utf8mb4_unicode_ci'. It also shows 'Appearance Settings' with 'Language' set to 'English' and 'Theme' set to 'pmahomme'. The 'Database server' section provides details about the MySQL server: Server: 127.0.0.1 via TCP/IP, Server type: MySQL, Version: 5.6.26 - MySQL Community Server (GPL), Protocol version: 10, User: root@localhost, and Server charset: UTF-8 Unicode (utf8). The 'Web server' section shows Apache 2.4.16 (Win32) OpenSSL/1.0.1p PHP/5.6.12, Database client version: libmysql - mysqld 5.0.11-dev - 20120503 - \$Id: 3c88bb0bc30036a3ac34fb04b7b5b787fe5555 \$, PHP extension: mysqli, and PHP version: 5.6.12. The 'phpMyAdmin' section lists version information: Version information: 4.4.14, Documentation, Wiki, Official Homepage, Contribute, Get support, and List of changes.

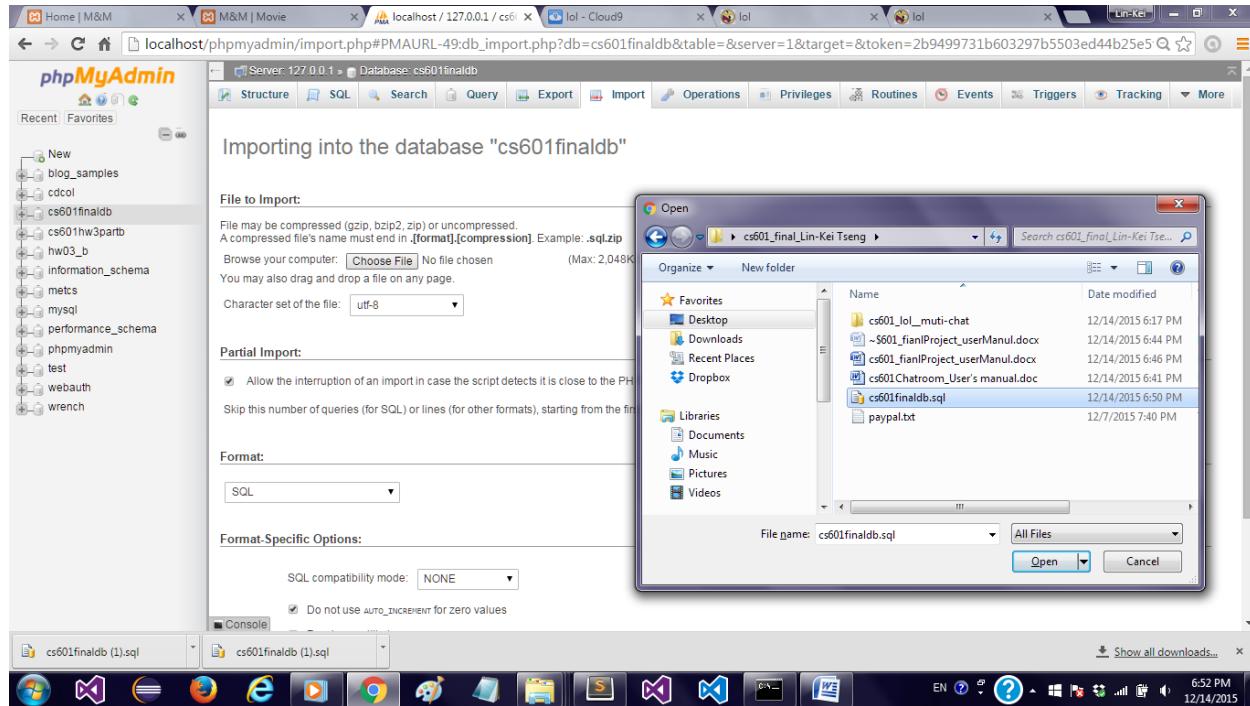

then create new database name is " cs601finaldb "

The screenshot shows the phpMyAdmin interface on a Windows desktop. The title bar indicates the URL is `localhost/phpmyadmin/#PMAURL-1:server_databases.php?db=&table=&server=1&target=&token=2b9499731b603297b5503ed44b25e5f1`. The left sidebar lists the same databases as the previous screenshot. The main panel displays the 'Databases' section. A 'Create database' form is visible with 'Database name' set to 'cs601finaldb' and 'Collation' set to 'latin1_swedish_ci'. A note below the form states: 'Note: Enabling the database statistics here might cause heavy traffic between the web server and the MySQL server.' A table lists existing databases and their collations: blog_samples (latin1_swedish_ci), cdc01 (latin1_general_ci), cs601finaldb (latin1_swedish_ci), cs601hw3partb (latin1_swedish_ci), hw03_b (latin1_swedish_ci), information_schema (utf8_general_ci), mets (latin1_swedish_ci), mysql (latin1_swedish_ci), performance_schema (utf8_general_ci), phpmyadmin (utf8_bin), test (latin1_swedish_ci), webauth (latin1_general_ci), wrench (latin1_swedish_ci). The bottom status bar shows the time as 6:59 PM and the date as 12/14/2015.

step2. Import Database : cs601finaldb.sql

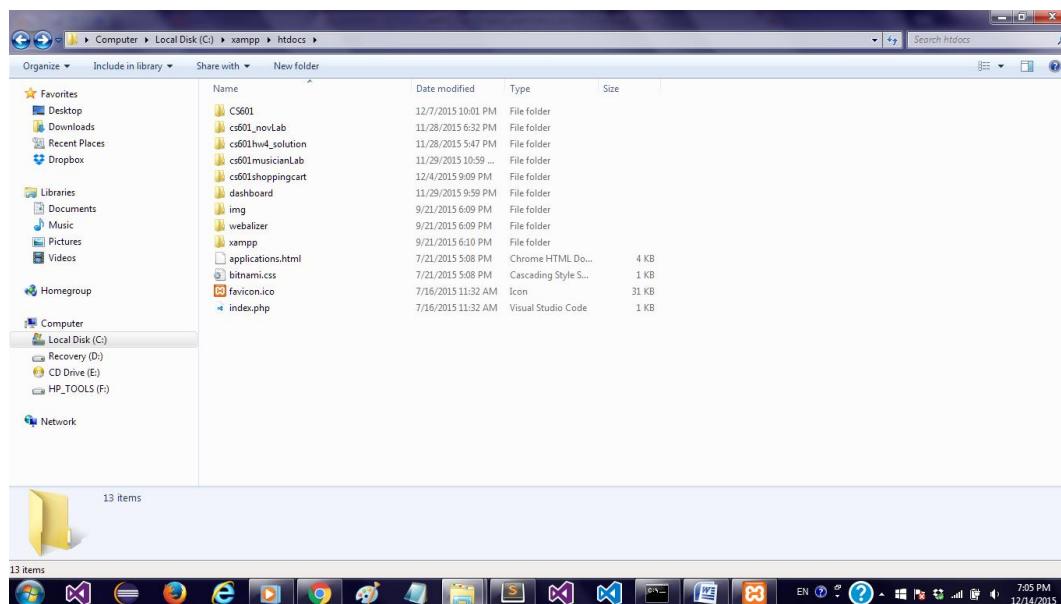

1.create database name is " **cs601finaldb** "

2.import the file named is " **cs601finaldb.sql**"

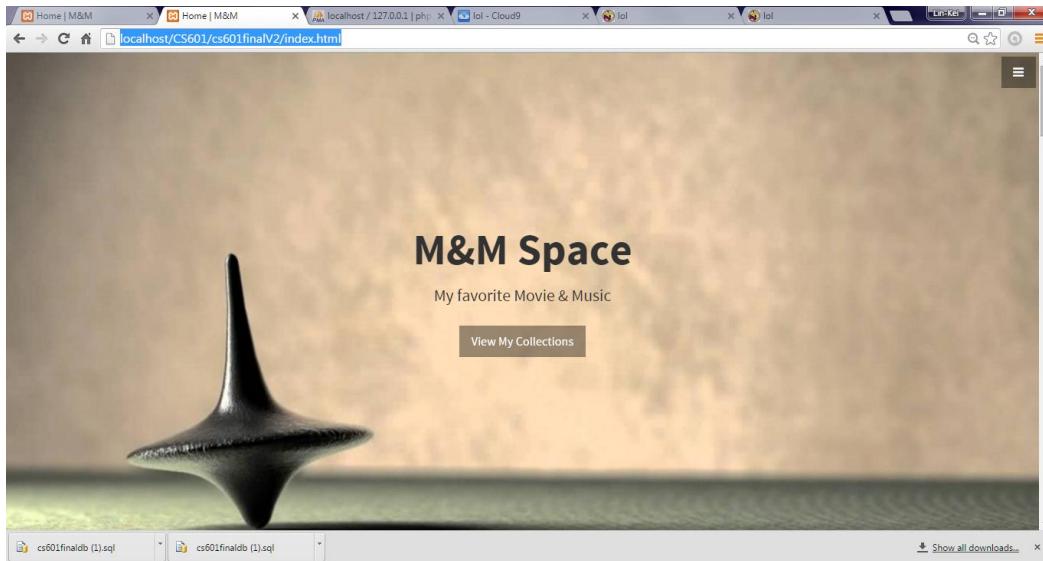

step3. put this folder " cs601_final_Lin-Kei Tseng " into local server folder" C:\xampp\htdocs\... "

ex: the link is " **C:\xampp\htdocs\cs601_final_Lin-Kei Tseng** ",after you put into local server space.

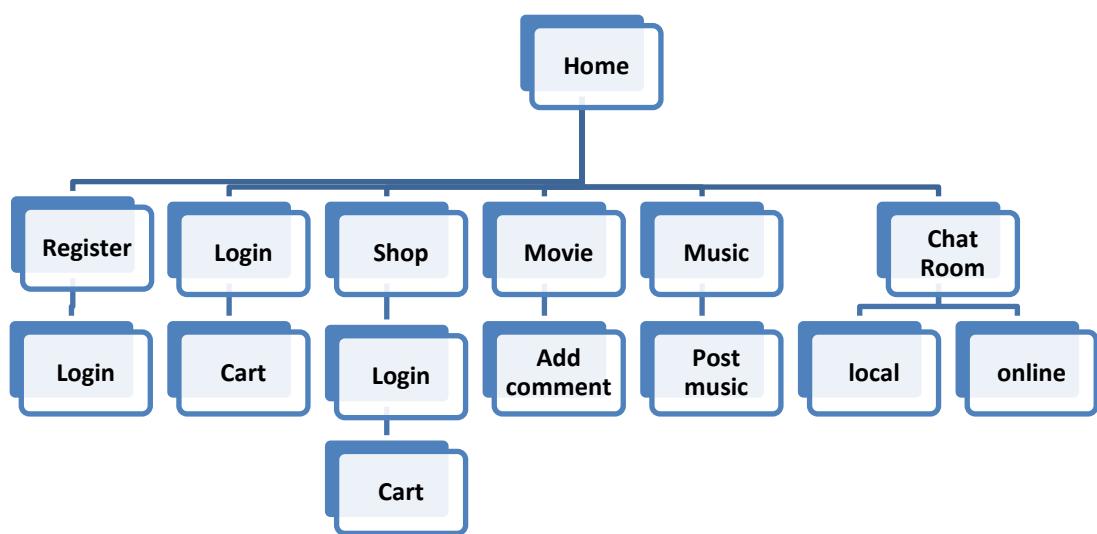

Step4. open browser, the link is " http://localhost/cs601_final_Lin-Kei Tseng/index.html"

The Home page will be show up, for example:

step5. After step4 finished, you can begin setting the document " [cs601Chatroom_User's manual.doc](#) "

My M&M Space website structure

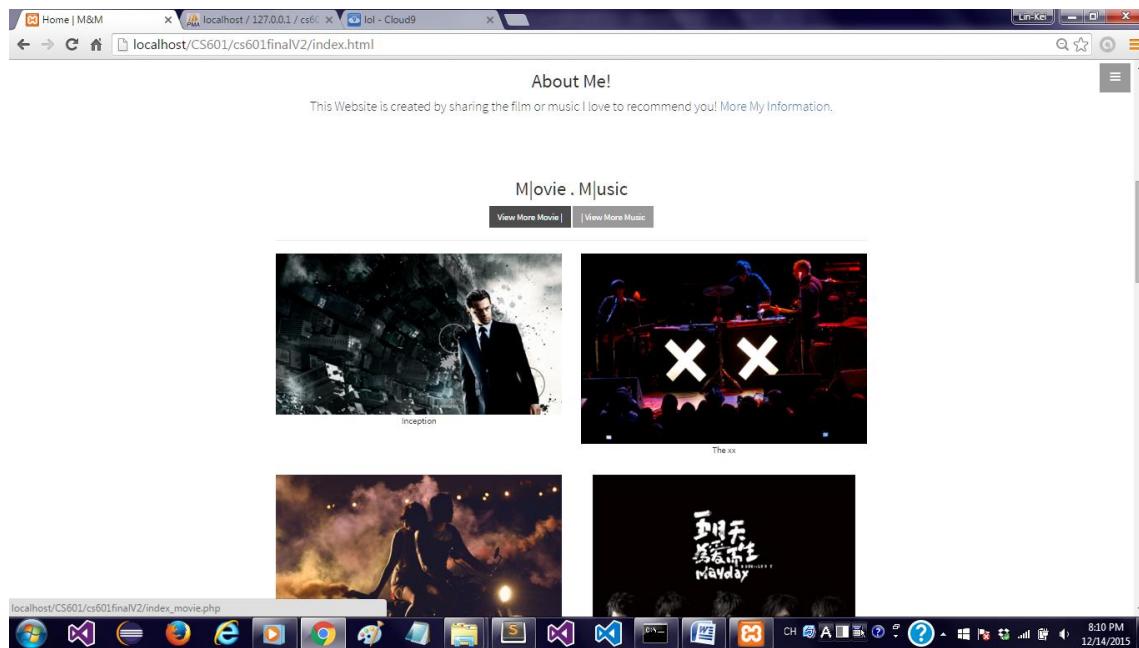

TEST process:

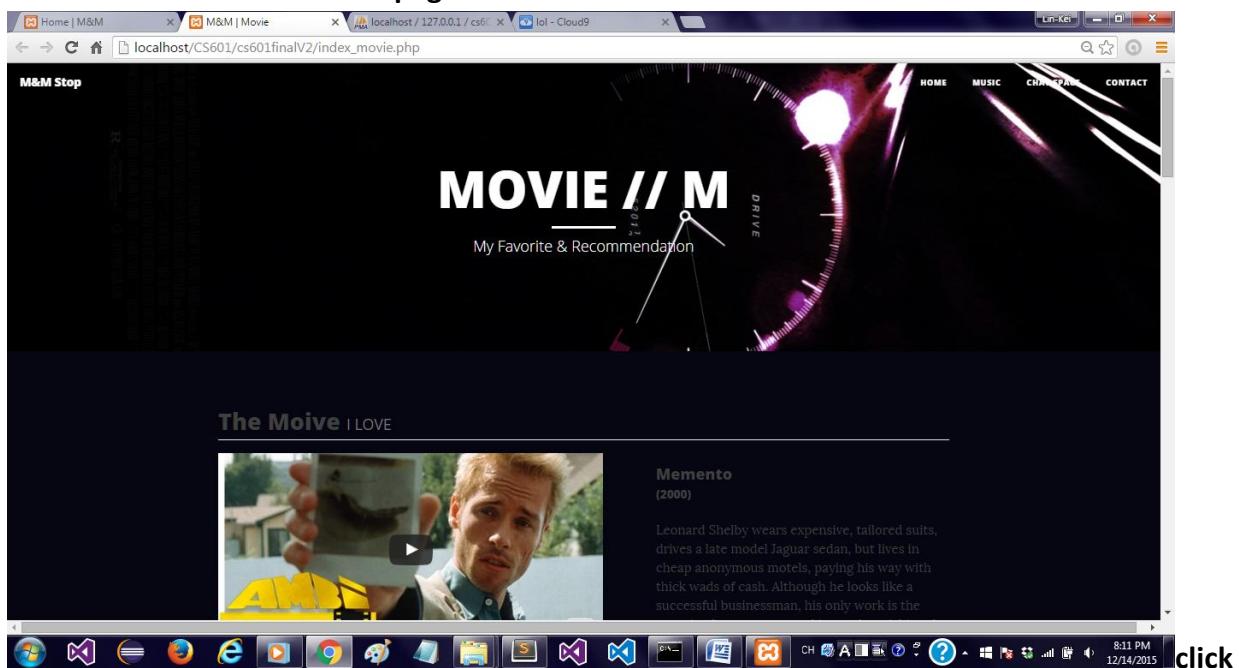

1. **index.html(Home)** => **index_movie.php** => Add comment(addcomment_save.php)
 2. **index.html(Home)** => **index_music.php** => Post music you like(addmusic_save.php)
 3. **index.html(Home)** => **regist_page.php** => login_page.php => **index-logged.php(shopping cart)**
 4. **index.html(Home)** => **index_shop.html** => login_page.php => index-logged.php(shopping cart)
 5. **index.html(Home)** => login_page.php => **Forget Password or Reset Password**
 6. **index.html(Home)** => chat Room =>**local version**=> http://localhost:3000/
 7. **index.html(Home)** => chat Room =>**online version**=> http://lol-tedtseng.c9users.io:8080/
-

test1: index.html(Home) => index_movie.php => Add comment(addcomment_save.php)

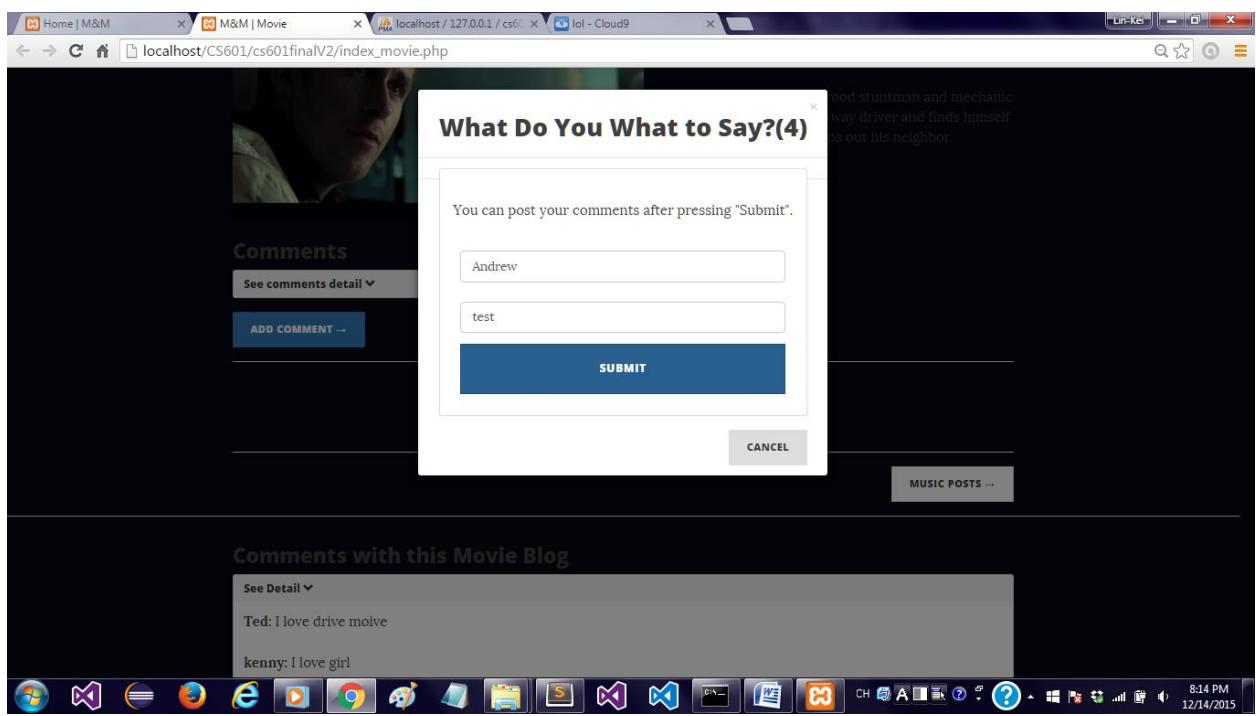

In home page , "click view movie" button, go to movie blog page.

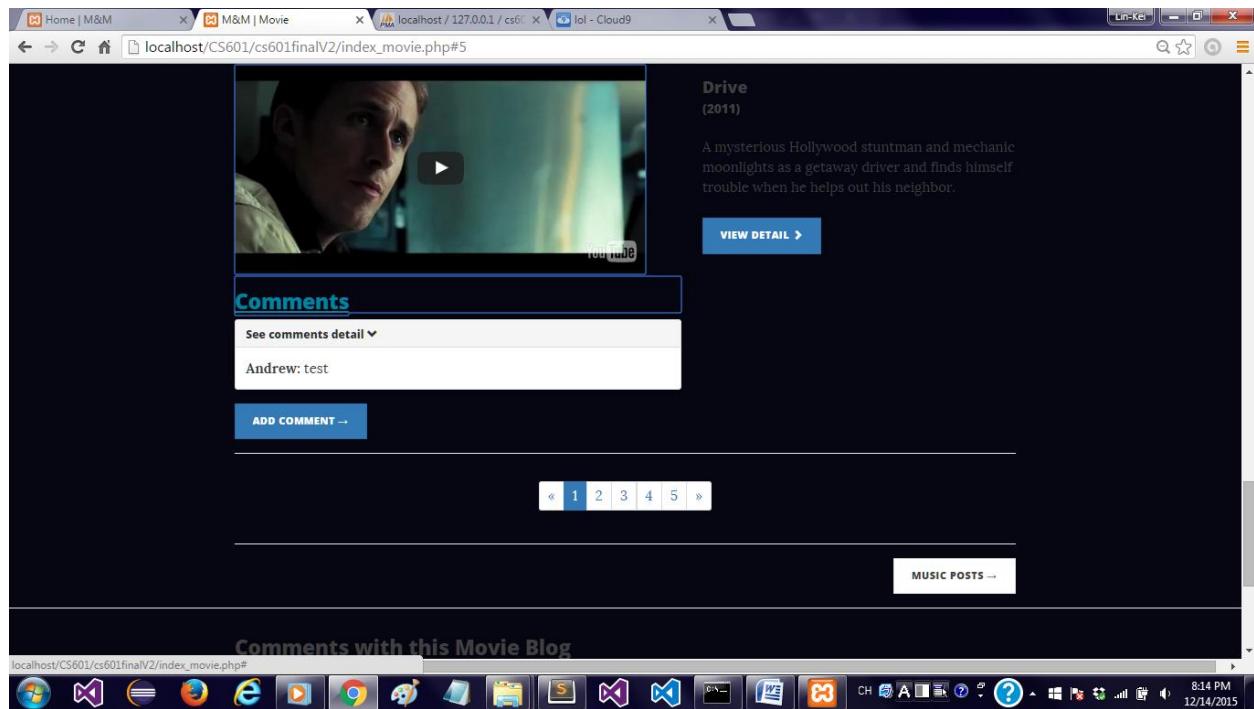

Test "add comments" in this page

"ADD Comment" button, enter comment and username

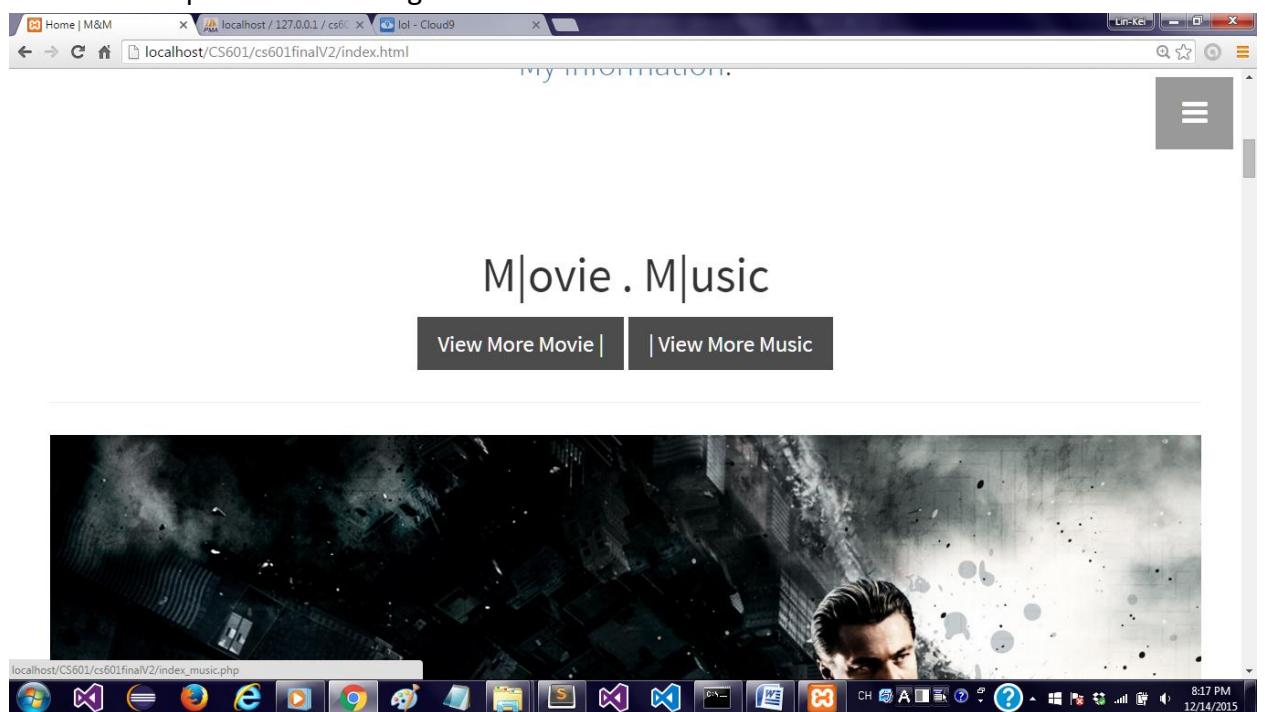

New comment is shown on the screen

Test2:index.html(Home) => index_music.php =>Post music you like(addmusic_save.php)

Test add new post in Music Blog

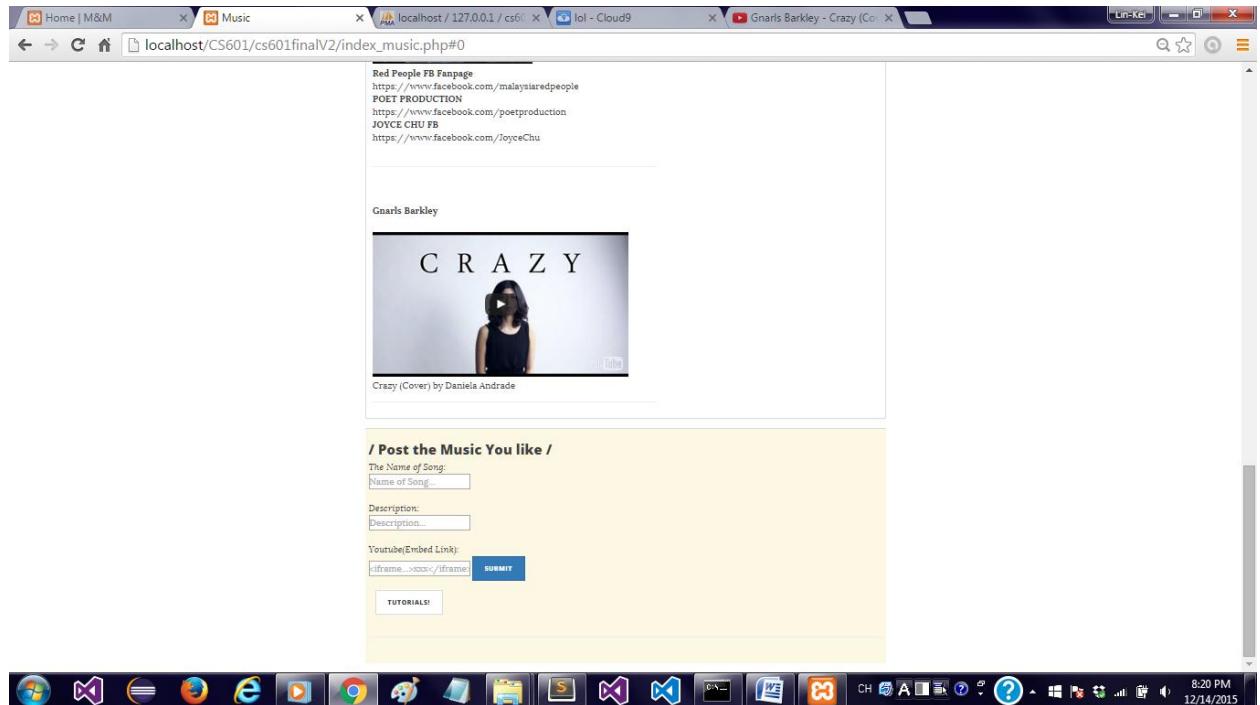

Link to Music Blog

The screenshot shows a web browser window with the URL localhost/CS601/cs601finalV2/index_music.php. The page has a dark background featuring a silhouette of a person and a city skyline. The title 'M // MUSIC' is prominently displayed in white. Below it is the tagline 'This is what I listen.' A navigation bar at the top includes links for HOME, MOVIE, CHAT SPACE, and CONTACT. The main content area is titled 'The Music I LOVE' and displays three YouTube video thumbnails. The first thumbnail is for 'Daniela Andrade - Crazy (Cover)'. The second is for 'The xx - Islands'. The third is for 'I MiSS U - Joyce Chu'. Below the thumbnails, there is a Windows taskbar with various icons and a system tray showing the date and time.

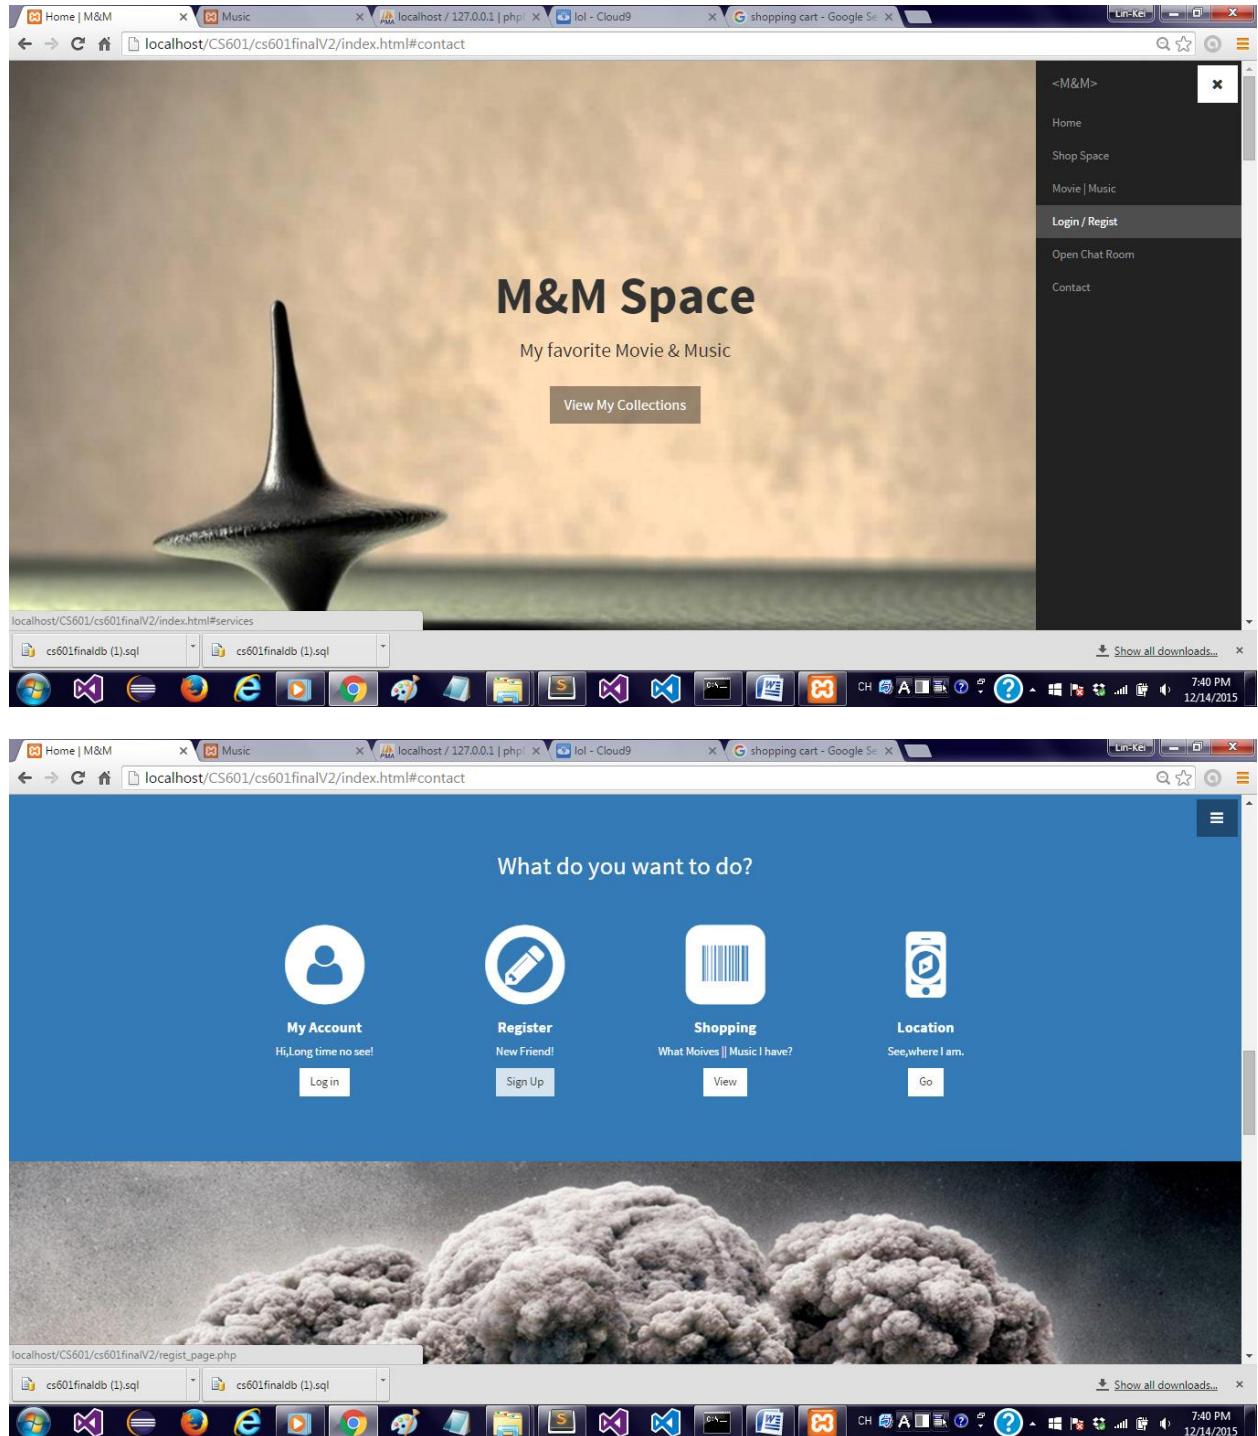

Add information of Music

The screenshot shows a web browser window with the same URL as the previous screenshot. The main content is a form titled 'New Post in Music Blog'. It includes fields for 'The Name of Song' (containing 'Gnarls Barkley'), 'Description' (containing 'Crazy (Cover) by Daniela'), and 'Youtube(Embed Link)' (containing '<iframe width="560" height="315" src="https://www.youtube.com/embed/...>'). There is also a 'SUBMIT' button and a 'TUTORIALS!' link. The page has a light yellow background and social sharing icons at the top. The Windows taskbar and system tray are visible at the bottom.

Show the new post

test3: index.html(Home) => regist_page.php => login_page.php => index-logged.php(shopping cart)

test4: `index.html(Home)` => `index_shop.html` => `login_page.php` => `index-logged.php(shopping cart)`

After login sucessfully, we are in shopping cart page, and we test shopping process.

Breathless post-punk 'n' skeletal bass rhythms from the treasured London trio. Includes "Angels". ("CO-EXIST")

\$3.79 1 \$3.79

BioShock -Infinite (Xbox 360)

Product Description: The year is 1912. Deep in debt, Booker DeWitt has only one opportunity for a clean slate: rescue Elizabeth, a mysterious girl imprisoned since childhood in the flying city of Columbia. Forced to trust one another, they must harness an expanding arsenal of weapons and abilities as they fight to survive the threats of the city and uncover its dark secrets.
